

A.K. THARUSHA DENETH

Full Stack Software Engineer - Undergraduate

Colombo, Sri Lanka | +94-714461982 | tharushadeneth229@gmail.com

[Portfolio: A.K Tharusha Deneth](#) | [LinkedIn: LinkedIn](#)

PROFESSIONAL SUMMARY

Dedicated Software Engineering undergraduate with a strong foundation in full-stack development and UI/UX design. Proficient in modern front-end technologies, React Native, and Java-based backend systems. Passionate about building intuitive applications and solving complex technical challenges. Looking for an opportunity to apply my practical skills, contribute to dynamic projects, and grow as a professional software engineer.

EDUCATION

IIC University of Technology

Expected 2027

Bachelor of Software Engineering (Undergraduate)

Focus Areas: Advanced Software Engineering Concepts, Software Architecture, UI/UX Principles, & Future-Ready Full-Stack Development.

Java Institute for Advanced Technology

Completed

Higher Diploma in Software Engineering

Core Coursework & Technologies: Object-Oriented Programming (OOPC 1 & 2), Database Management Systems (DBMS & Workbench Tables), Java (EE), React Native, Cyber Security, Project Management, MCS 1 & 2, Generation 5.5 AI Engineering.

TECHNICAL SKILLS

- Front-End & UI/UX: React Native, React.js, HTML5, CSS3, JavaScript, TypeScript, Figma (Wireframing & Prototyping).
- Design Style: Retro/Vintage Aesthetics, 3D Web Animations, Responsive Layouts, Dark/Light Theme Logic.
- Back-End & Tools: Java (Servlets, Hibernate), MySQL, Spring Boot, VS Code, NetBeans, GitHub, Netlify (Hosting).

TECHNICAL & SOFTWARE DEVELOPMENT EXPERIENCE

Independent Software Projects

Jan 2024 – Present

Web Application Development & UI Design

- Front-End Engineering: Designed and coded responsive landing pages using modern CSS Framework and JavaScript, ensuring cross-browser compatibility.
- UI/UX Design: Translated UI/UX concepts into fully responsive and interactive web interfaces using modern Front-End technologies including React, HTML5, CSS3, and JavaScript.
- Open Projects: Developed 10+ custom skill-building web applications (e.g., AllFormatPro, Cineflix Movies) focusing on user-centric problem solving.
- Mobile Development: Experimented with React Native to build APKs for mobile utility apps.

KEY PROJECTS

Personal Developer Portfolio

[VISIT - Portfolio](#)

- A centralized portfolio showcasing skills and projects.
- Built with responsive front-end technologies to demonstrate clean coding practices and aesthetic design capabilities.

Cineflix Movies | Web Application

[VISIT - Web Application](#)

- Project Overview: Developed a user-friendly movie and TV series browsing platform featuring seamless search functionality for discovering new releases effortlessly.
- Technologies Used: React.js, HTML5, CSS3, JavaScript.

Aurelia Hotel Site | Web Application

[VISIT - Web Application](#)

- Project Overview: Developed a responsive and interactive hotel matching web application designed to streamline the accommodation search process with an intuitive user interface.
- Technologies Used: HTML5, CSS3, JavaScript.

Lumina Salon Platform | Web Application

[VISIT - Web Application](#)

- Project Overview: Designed and developed an elegant, visually appealing web platform for a salon business, focusing on a user-centric design to showcase services and enhance customer engagement.
- Technologies Used: HTML5, CSS3, JavaScript.

AllFormatPro (Universal File Converter)

[VISIT - Web Application](#)

- Developed a functional file converter tool hosted on Netlify.
- Focus: Simple, intuitive UI for non-technical users to convert files easily.

ADDITIONAL INFORMATION

- Soft Skills: English Public Speaking, Creative Problem Solving, MS Word, MS Excel, Adaptability.
- Content Creation: Experience managing using AI tools for content generation.
